

With show season coming up fast, our reining practice nights are going to be more structured. Reining practice is the 1st and 3rd Wednesday of the month 4:30-6:30 pm. During our practices we will be following the warm up pen etiquette configuration shown. All members are welcome to ride during our practice provided they follow these guidelines. We ask that you ride with the flow of traffic when circling. There will also be periods of time during our practice when we will be fencing (running end to end at speed). We ask that you be aware and yield to us during this time.

PROPOSED EXERCISE ARENA CONFIGURATION

Proposed Goal:

- Enhance the safety of all riders and horses
- Improve the quality of the practice time
