COUNTRYSIDE VETERINARY LARGE ANIMAL CLINIC

405A OHME GARDEN ROAD

WENATCHEE, WA 98801

(509)662-3478

Dear Clients,

The threat of the COVID-19 virus in our community and nation is very serious. Recently Governor Jay Inslee has ordered residents to stay at home and closure of non-essential businesses. We will remain open during this time offering our standard daytime services as well as our emergency evening and weekend availability.

We hope that you, your families and animals remain healthy through this difficult period. All of our staff and families fortunately are very healthy. We will continue to accept appointments here at the clinic and also offer our mobile services.

Our hope for all is a normal state of health and that we as a community and nation can return to our normal daily activities very soon.

Sincerely,
Countryside Veterinary Large Animal Clinic
